The White Rock Board is pleased to announce the appointment of Mr Ian Smith as a Non-Executive Director.

Mr Smith has more than 35 years' experience in the mining and services sector.

"Ian has a wealth of experience in the resources industry, including operational and project management roles through to the most senior corporate executive levels. We are very pleased to have been able to attract a director with such a breadth and depth of experience and knowledge," said White Rock's Chairman, Brian Phillips. "He will add a valuable dimension to the Company's development, growth aspirations and governance".

Ian has held some of the most senior positions in the Australian resources industry, and was most recently Managing Director and Chief Executive Officer of Orica, the largest manufacturer and supplier of explosives and ground support in the world. Prior to that, Ian was MD and CEO of Newcrest for five years, growing the business to become Australia's biggest, and globally one of the largest gold mining companies, with responsibility for 16,000 employees, and ten mines spread across four countries.

Ian has technical, operational, financial and strategic expertise, having also held senior and executive positions with Rio Tinto, WMC, Pasminco and CRA. He has represented the mining industry at the highest levels in Australia, being a past president of the Australian Mines & Metals Association and a past chairman of the Minerals Council of Australia.

"White Rock has an exciting future ahead and I am looking forward to being part of its transformation as it delivers on its growth strategy," said Mr Smith.

In connection with his appointment as a Non-Executive Director, Mr Smith has subscribed for 6,666,667 fully paid ordinary shares in the Company, representing part of the shortfall from the Company's recent Entitlement Offer. The new shares were issued at \$0.015 (1.5 cents) each, being the same issue price as under the Entitlement Offer.

The funds from the issue will be used to advance the Definitive Feasibility Study, the Environmental Impact Statement and associated approvals for White Rock's gold and silver project at Mt Carrington, and for general working capital purposes.

An Appendix 3X Initial Director's Interest Notice is attached. An Appendix 3B and cleansing notice for the new issue of shares are also attached.
